# Demonstrations:

*Ryan Vincent Manning*

3D Print Everything

*Reconstructing the Past: The Science of Paleoart*

Ariel Bowman combines science and art to create clay sculptures of prehistoric animals.

*Ben Fluno*

This artist demonstrates a focus on materials like pigmented pouring medium, gold or silver leaf, acrylic & oil sticks, and much more!

*Spiraling Time*

Jennifer Wesler presents live-action painting through skating on canvas.

*The Golden Artist Colors Lecture/Demo*

Justin Burns gives a fun demonstration of how you can utilize Golden products in a variety of ways and shows you how to make more informed decisions in your art-making.
